

Chunking (recall and recognition)

A mobile app login screen with a white background and rounded corners. At the top, the status bar shows the time 9:41, signal strength, Wi-Fi, and battery. Below the status bar, there are two tabs: "Log in" (active, underlined in blue) and "Sign up" (inactive, grey). The "Log in" section contains a "Your Email" label above a text input field containing "contact@dscodetech.c". Below the email field is a "Password" label above a password input field with ten dots and an eye icon to toggle visibility. A red rectangular box highlights the password field. Above the password field, a grey semi-transparent error message box says "USE YOUR ALREADY USE EMAIL". Below the password field, there is a "Wrong password" message in grey and a "Forgot password?" link in blue. A large blue "Continue" button is centered below the password field. Below the button is a horizontal line with the word "Or" in the center. Underneath are two rounded rectangular buttons: "Login with Apple" with the Apple logo and "Login with Google" with the Google logo. At the bottom, there is a link that says "Don't have an account? Sign up".
